TWELVE LEMONS

ABOUT US

Based in Glasgow, 12 Lemons is a mobile bar hire company with a love for great drinks, great people and unforgettable events!

While Scotland's central belt is right on our doorstep, we're always happy to travel - from city celebrations to countryside venues and everything in between.

Our beautifully styled mobile horse box bar is a real showstopper and perfect for relaxed, social events - but it's just one part of what we do. We also offer fully flexible bar set-ups, meaning we can create a bar that suits your space, your style and your guest list, even when the horse box isn't quite the right fit.

From weddings and festivals to corporate events, private parties, family celebrations and wrap parties, we tailor every bar experience to the occasion. Whether you're dreaming of cocktails at golden hour, perfectly poured prosecco, craft beer or a bespoke drinks menu designed around you, we're here to make it effortless (and fun!)

We believe a great bar is about more than just drinks. It's about atmosphere, energy and those moments that bring people together... and we'd love to be part of yours.

THE TRAILER

Our trailer is an old Beaufort Rice horse trailer which has been lovingly converted in to a unique horse box bar. She is an absolute beauty and goes by the name of Hilary!

Not every event suits our horse box but she is a great focal point and statement, but if you aren't able to accommodate the horse box we have other bar options available!

OUR DRINKS

Prosecco

Much like us, our Prosecco is fruity, smooth and a little bit aromatic and with 10% vol, this wine is great as a welcome drink at your drinks reception, to toast speeches or cracking in a cocktail.

Spritzes

Want your very own mobile Spritz bar? Spritzes are where things get a little playful.! From classic Aperol and Campari to zesty Limoncello and fresh, floral Hugo spritzes, our menu is all about easy drinking and feel-good vibes. Perfect for welcome drinks or getting the party started, our spritz selection can be tailored to suit your event!

Whisky

As a Scottish business, we take pride in our whisky. Our bar features a curated selection from across Scotland, with our range evolving as we discover new favourites. If there's a particular whisky you love, we're happy to take requests!

Beer

When it comes to beer, we keep things simple & crowd-pleasing. We offer a range of bottled beers, with options from local breweries alongside a few well loved favourites. Whether you're keen to showcase something local or stick to the classics, we've got it covered.

Gin

We are delighted there are so many fine Scottish gins to choose from. We carry approximately 8 gins, mainly from Scotland but a few from foreign lands have also sneaked into the mix! Our gin collection will change as we make new discoveries & you can help us! Personal favourites can be catered for - just ask!

Lemonade

What else can you do with 12 Lemons? Lemonade of course! For the drivers, kids or those that prefer something soft. This can be chosen as part of a package, alongside other soft drinks options.

OUR DRINKS

Cocktails

Our special cocktails are a firm favourite and a brilliant way to make your event feel truly personal.
Many wedding couples choose to create one signature cocktail each, inspired by their tastes, personalities or even how they met!
Holding a party of event? Opt for bespoke drinks designed to perfectly suit the style, theme or branding of the event.
From fun, custom cocktail names to carefully chosen flavours and garnishes, we offer a variety of options to bring your ideas to life. Events are all about the details, and this is a simple but impactful way to add something memorable (and delicious!) for your guests.

Other Options

So its pretty obvious that we are passionate about what we offer in our current selection!
That said, if you like the look of us but want something different we will be delighted to discuss.
We love random thoughts and ideas and love to get creative.
Our business started from being inspired by others so if we inspire you but you feel we're missing something - just ask!
