

TWELVE LEMONS

ABOUT US

Based in Glasgow, we are lucky to have Scotland's central belt on our doorstep but the trailer can be taken to a variety of events in any part of the country. Our Horsebox Hilary loves an adventure! Travel excites us and we are happy to journey to any location for your special event specifically weddings, festivals, corporate events, family occasions, wrap parties and so on. If it were up to us we would travel for free but unfortunately, we need to charge for distances over 30 miles - get in touch for the breakdown!

THE TRAILER

Our trailer is an old Beaufort Rice horse trailer which has been lovingly converted in to a unique horse box bar. She is an absolute beauty and goes by the name of Hilary!

If you are looking to book us for your special event, please check out our packages - we pride ourselves in providing a bar service that delivers a personalised experience. We can provide both glass & plastic glasses, a number of options & the perfect bartenders - all we need for you to get the trailer up and running is somewhere to plug into! Book us and make 12 Lemons the centrepiece of your event

DRINKS

Fizz

We wanted to serve Prosecco. But Italian law states that Prosecco must be sold in bottles of 3L or less. We wanted to serve our fizz from a tap, so we offer a sparkling Italian wine, made in the Veneto region of North Italy from the same grape (Glera) that Prosecco is made from. If this was in a bottle, it would be called Prosecco but as it comes in kegs, it must be called fizz! Much like us, our wine is fruity, smooth and a little bit aromatic and with 11% vol, this wine is great as an aperitif or cracking in a cocktail.

Gin

We are proud of our Scottish heritage and are delighted there are so many fine Scottish gins to choose from. We carry approximately 10 gins, mainly from Scotland but a few from foreign lands have also sneaked into the mix - after all, you have to stock your mum's tippie of choice! Our gin collection will constantly be evolving as we make new discoveries and you can help us with as recommendations and personal favourites can of course be catered for so please ask at the time of booking.

Lemonade

What else can you do with 12 Lemons? Make lemonade of course. We wanted to offer something for the drivers, the kids or those that just prefer something soft and so we turned our hand to creating the 12 Lemons signature lemonade. This can be chosen as part of the package for your event, as well as other soft drinks options.

DRINKS

Beer

Strange though it may be, we heard that bubbles aren't for everyone!

Luckily we are not a one trick pony and also offer buckets of local craft beer for those whose prefer their drinks to be more hoppy than fruity.

If you have a particular favourite that's not on our radar, let us know and we will do the donkey work and source it for you!

Cocktails

We tend to save these for food festivals but we're always happy to dust off our cocktail shakers if that's your thing!

We focus on fizz and gin cocktails but can turn our hand to whatever you fancy, and are happy to make a signature cocktail to mark your wedding or event - again, adding that unique, personal touch to your 12 Lemons experience!

Other Options

So its pretty obvious that we love fizz and gin! That said, if you like the look of us but want something different we will be delighted to discuss.

We love random thoughts and ideas and love to get creative.

Our business started from being inspired by others so if we inspire you but you feel we're missing something - just ask!
